Blakedown has over 45 years experience in the landscaping industry and, during that time, has constructed a wide spectrum of projects. We specialise in high quality landscaping, undertaking projects with our dedicated in-house team. Our vast knowledge, coupled with our flexible approach, sees clients' visions turned into reality. By working closely with design teams, our skilled site operatives create superior quality schemes within any given budget. These schemes include the restoration of historic parks, environmental improvements and land regeneration projects, private residence schemes and bespoke play areas.

Landscaping holds no boundaries for Blakedown, with our multitude of skills and experience there is no project that cannot be successfully achieved.
