

Davenies Boys Prep School, Buckinghamshire

An independent, day preparatory school for boys aged between 4 and 13 years old.

Project Overview

The [Davenies Boys Prep School](#) in Buckinghamshire is a successful, Independent Association of Prep Schools (IAPS) day school for boys that aims to “Engage, Inspire and Challenge” each child, giving them the best possible start for their educational journey. With a 100% success rate in Common Entrance exams and over fifty co-curricular activities per term, they take pride in providing a comprehensive, high-quality education with an emphasis on personal development and all-round excellence.

Crown School Lockers, a division of Crown Sports Lockers, were delighted to have secured the contract to design, manufacture, and install [top-quality wooden lockers](#) in the sports facilities, in addition to the science and music lobbies of this prestigious school.

The Initial Enquiry

The project of transforming the changing room and locker facilities for Davenies Boys Prep School was executed in two phases. The school initially contacted Crown School Lockers through the Independent Schools' Bursars Association ([ISBA](#)) Conference.

The first phase was successfully completed in October 2023, which involved the installation of wooden lockers in the sports equipment area. Following this, the second phase was quoted in January 2024, and expertly carried out in July and August 2024, including lockers within the science and music lobbies.

Superior Quality

Crown School Lockers have accumulated over three decades of industry expertise, specialising in the design and manufacture of hard-wearing yet visually pleasing wooden lockers and ancillary products for schools. Their items are proudly '[Made in Britain](#)', meticulously designed and manufactured at their facilities in the South West of England. This ensures stringent quality control, attention to detail, and the highest standards, so their clientele always receive superior-quality lockers and changing room facilities.

Wooden Lockers & Changing Rooms

In the first phase of the project, the highly experienced team of installers from Crown School Lockers expertly fitted 240 Lockers with [Bespoke Island Seating](#) in the sports equipment area, with enough lockers for every child. Each locker features a two-colour laminate finish in a vibrant combination of blue and yellow to match the Davenies Boys Prep School's branding.

In the second phase, they skilfully installed 130 Small Holdall Lockers in the science and music lobbies, featuring a wooden grain finish to meet the client’s specifications. Additionally, all of the lockers have flush inset pole handles and come without locks, as requested.

Client Testimonial

“We had two changing rooms totally fitted out with new lockers and we could not be happier. Sam was outstanding in helping us choose the right colours, design and tailored to our needs, and the price was excellent. The team arrived on time, got all the work done as forecast and the finish was superb. We are having them back to install lockers in two other areas of the school this summer and they are definitely our company of choice.”

Ken Brockless – Bursar, Davenies Boys Prep School

About Davenies Boys Prep School, Buckinghamshire

Davenies Boys Prep School in Buckinghamshire offers a wide range of facilities to cater to sporting, creative and academic interests. These include an outdoor, multi-sport astro pitch, grass pitches equivalent to the size of two football pitches, outdoor nets and artificial wickets, a Performing Arts Centre, a heated swimming pool, and a large indoor Sports Hall.

The school is non-selective and focuses on meeting the needs of every student and their family, ensuring that each boy thrives in their learning environment. The Davenies Code promotes “kindness, helpfulness, politeness, honesty, and respectfulness.”

Final Thoughts from Crown School Lockers

“We have established a strong relationship with Davenies Boys Prep School. The project was completed smoothly, within budget and on schedule. Our installation team were praised for their excellent work, and we look forward to the prospect of working with Davenies on future projects.”
