Client Testimonials

We have found Flywire straightforward to implement and it has immediately made it easier for our overseas families to make payments.

Installing Flywire has enabled us to monitor incoming payments much easier ... 90% have switched to making their payments this way.

We are thrilled to offer Flywire's payment solution to our students. It offers great benefits to our institution, both in terms of payment reconciliation and student experience. Flywire has been a great benefit for our company and the students we service; the product has helped improve the accuracy, cost efficiency and speed of our payment service and the constant innovation is fantastic.

Flywire is one of the easiest and most convenient payment solutions I have ever used. From the very first contact, Flywire has given outstanding customer service and acted with consummate professionalism.

Flywire was effortless to implement and has certainly made it easier for our overseas parents to pay their bills and faster for the school to receive the money – with no bank charges incurred by us. We thoroughly recommend Flywire and only wish we had introduced it sooner!

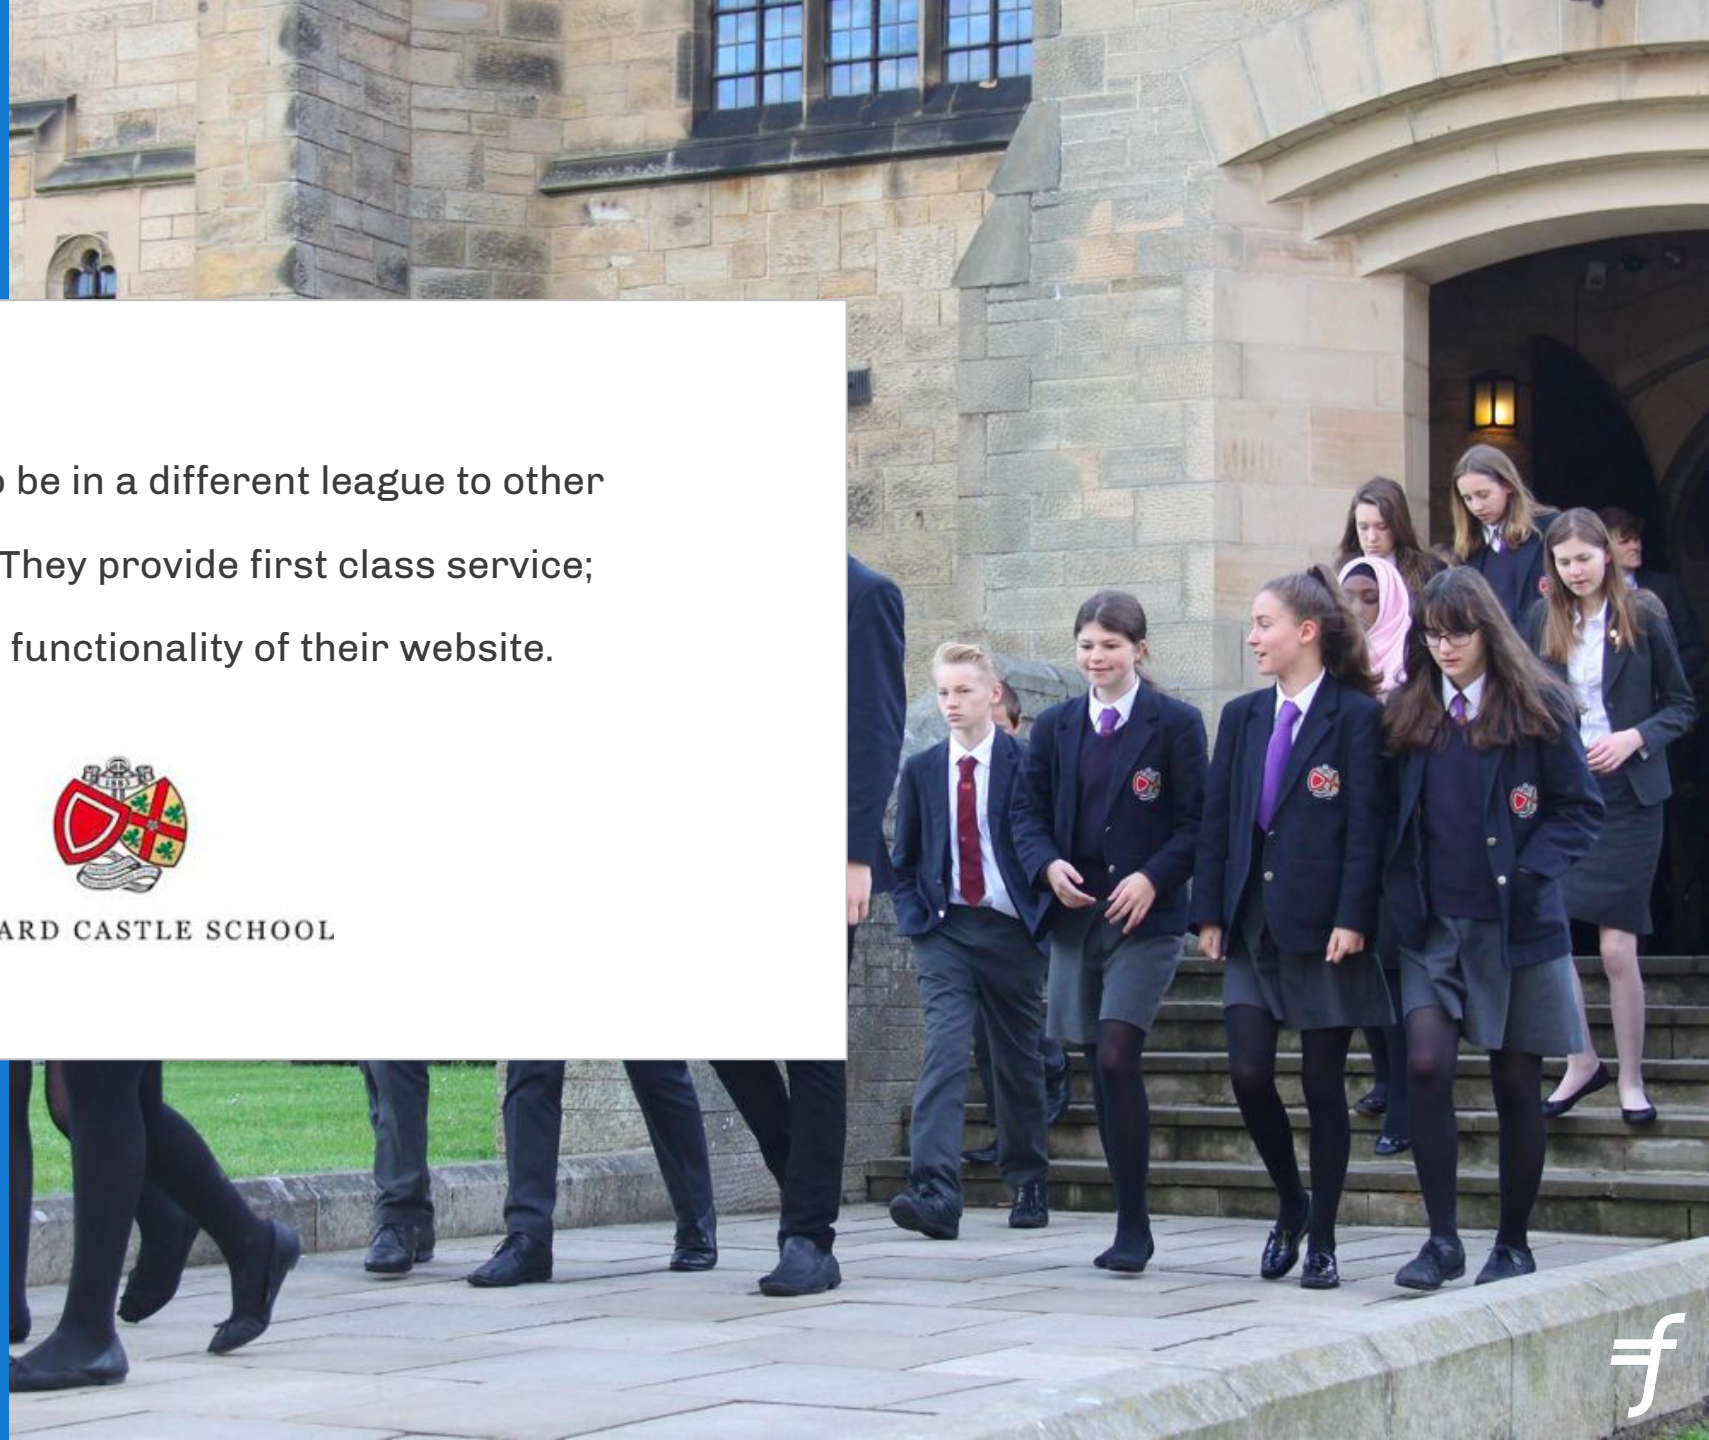

We found Flywire to be in a different league to other service providers. They provide first class service; love the look and functionality of their website.
