CASE STUDY

WHITE WOODS PRIMARY ACADEMY TRUST

InVentry assists schools across White Woods Primary Academy Trust with their sign in procedure whilst simplifying their events management.

THE CHALLENGE

Andy Blatch, Trust IT Manager, wanted a central sign in system which would ensure that staff members could easily roam between all thirteen schools, whilst allowing them to easily track who is on which site; guaranteeing that they upheld outstanding safeguarding practices. The Trust also required a consistent system which allowed staff and visitors to sign in effortlessly during their events and training days.

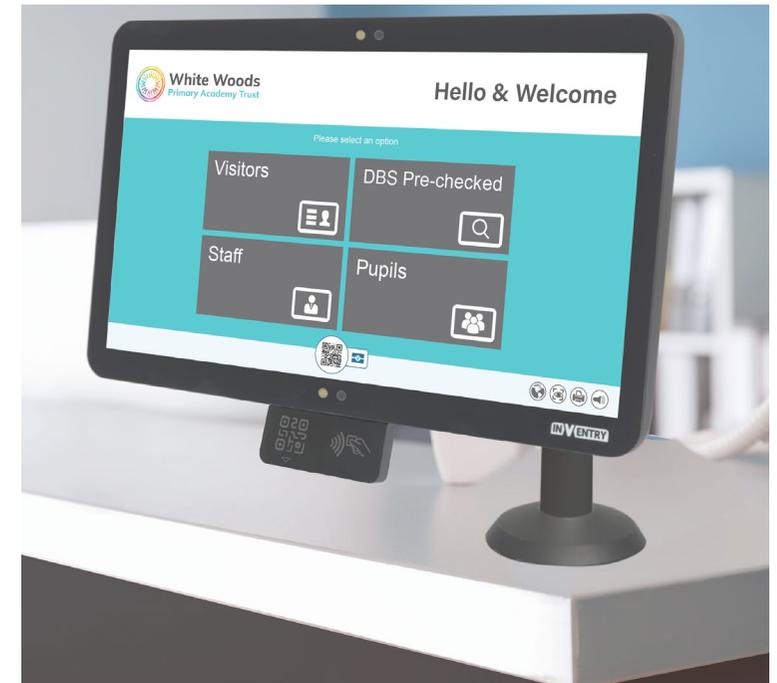

THE SOLUTION

Glowing recommendations of InVentry, along with previous experience of using the system, ensured that the staff members of White Woods Primary Academy knew it was the right solution for the full trust.

Developed with flexibility in mind, InVentry Central provided the trust with an exceptional overview of who is at which site, at any given time. This now facilitates selected staff members to roam between their schools for headteacher events and training days. Personnel files are also instantly pulled down from InVentry Cloud meaning they're automatically recognised as a staff member within the trust, and any new staff members are instantly synced site wide.

THE CHALLENGE

Parkstone Grammar School needed help to improve their visitor management process and meet requirements around safeguarding within the school, as well as finding a more efficient way to record staff and visitor sign in to ensure they could accurately track who was on-site at any one time.

THE SOLUTION

BY ADDING QUICKSCAN TOUCH UNITS TO OTHER ENTRANCES OF THE SCHOOL, WE WERE ABLE TO ALLOW STAFF MEMBERS TO ACCURATELY SIGN IN ACROSS MULTIPLE ENTRANCE POINTS. WE WERE STILL ABLE TO ACCURATELY TRACK THIS DATA TOO, ENSURING OUR EVACUATION RECORDS ARE ALWAYS UP TO DATE.
